PRODUCT CATALOGUE - EDITION 7

Welcome to Bastion

Production

The manufacturers of Bastion Pacific products have been carefully selected following our extensive product testing and evaluation of companies who comply with relevant international standards and certifications.

Logistics

Effective logistics, dispatch methods and reliable transport agents ensure products will be delivered to your warehouse safely and efficiently.

Innovation

At Bastion Pacific we realise the importance of innovation. We continually source and develop new products and investigate particular requirements to ensure progress and success in the marketplace.

Environmental Awareness

Bastion Pacific consistently monitors all of our manufacturer's procurement and production processes and encourages socially and environmentally responsible policies and fair trade practices.

Quality Assurance

Our quality assurance policy involves regular monitoring of production facilities and product specifications to ensure the highest level of quality and consistency.

Gloves Hand Protection Standards

Mechanical Hazards

EN 388:2016

4 X 3 2 D P

- ↑ Pass/Fail Impact Protection
- ↑ Cut resistance in accordance with ISO 13997 (A to F)
- ↑ Puncture resistance (0 to 4)
- ↑ Tear resistance (0 to 4)
- ↑ Coup test cut resistance (0 to 5; X = not applicable)
- ↑ Abrasion resistance (0 to 4)

EN 374 - 2 Micro-organisms

Chemical Hazards

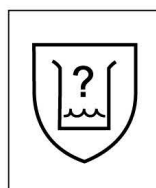

EN 374 - 3

The EN 374 regulations test glove for permeation resistance against chemical hazards. Results are scored 0 - 6, with a higher numbered result offering more protection.

Letter Code	Chemical Product	Letter Code	Chemical Product
A	Methanol	G	Diethylamine
B	Acetone	H	Tetrahydrofurane
C	Acetonitrile	I	Ethyl Acetate
D	Dichloromethane	J	n-Heptane
E	Carbon Disulphide	K	Sodium Hydroxide 40%
F	Toluene	L	Sulphuric Acid 96%
M	Nitric Acid 65%	N	Acetic Acid 99%
O	Ammonium Hydroxide 25%	P	Hydrogen Peroxide 30%
S	Hydrofluoric Acid 40%	T	Formaldehyde 37%

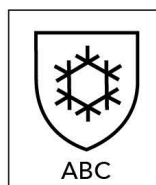

Measured Breakthrough Time (mins)	Permeation Performance Level	Measured Breakthrough Time (mins)	Permeation Performance Level
>10	1	>120	4
>30	2	>240	5
>60	3	>480	6

EN 374 - 3

Determination of resistance to water penetration.

Thermal Hazards

EN 511

Compliance covers cold resistance. Performance level range from 0-4; the higher the number, the higher the protection offered by the gloves.

Letter Code	Level	Type
A	0-4	Convective cold resistance
B	0-4	Contact cold resistance
C	0-1	Water permeability
X		Test is non applicable or unsuccessfully completed

Thermal Hazards

EN 407

Compliance offers protection against heat and fire, from sources that include direct contact, radiation, conduction and open flames. Performance levels range from 0-4, higher resistance being offered by higher test result figures.

Letter Code	Type
A	Burning behaviour
B	Contact heat resistance
C	Connective heat resistance
D	Radiant heat resistance
E	Resistance to small drops of molten metal
F	Resistance to large quantities of molten metal
X	Test is non-applicable or unsuccessfully completed

Thermal Hazards (B) Contact Heat

The outside of the glove is put on a hot surface and the temperature of the inside of the glove is then monitored. The level means the users hand inside the glove is not uncomfortable after 15 seconds of the glove being in contact with this temperature.

Level	Contact Temp. °C	Threshold Time Seconds
1	100	>15
2	250	>15
3	350	>15
4	500	>15

DISPOSABLE GLOVES RANGE

Progenics[®] Cuff First Glove Dispensing System

- Gloves are dispensed cuff first, this reduces the risk of contamination by **96%** by not touching the finger and palm areas of the glove
- Unused gloves cannot be reinserted into the box further reducing cross contamination
- Cost effective due to reduced waste by up to **30%** as gloves are dispensed individually
- The advanced Progenics[®] packaging design reduces cardboard waste by up to **50%** compared to traditional glove packaging
- Fast and easy to use
- The acrylic wall mounted dispenser brackets keep gloves away from contaminated surfaces and boxes are easily removed and replaced
- Brackets are supplied in kits with screw fixings, double sided tape and mounting instructions
- HACCP certified and TGA listed

Progenics® Nitrile Purple Powder Free Gloves Cuff First Dispensing System
