

Danger  
Causes severe skin burns  
and eye damage.

If medical advice is needed,  
have product container or  
label at hand.

Keep out of reach of  
children.  
Read label before use.  
Do not breathe vapour.  
Wash skin thoroughly after  
handling.

When handling  
concentrated product wear  
protective gloves/ clothing  
and eye/ face protection.

IF SWALLOWED: Rinse  
mouth. Do NOT induce  
vomiting.

IF ON SKIN (or hair): Take  
off immediately all  
contaminated clothing. Rinse  
skin with water.

Wash contaminated clothing  
before reuse.

IF INHALED: Remove victim  
to fresh air and keep at rest  
in a position comfortable for  
breathing.

Immediately call a POISON  
CENTER or doctor.

IF IN EYES: Rinse cautiously  
with water for several  
minutes. Remove contact  
lenses, if present and easy to  
do. Continue rinsing.

# SANIFRESH

## Pine Disinfectant

Contains Benzalkonium  
Chloride 3%

20 L

This is a concentrated product  
and must be diluted before use.  
Do NOT mix with other  
chemicals.

Disinfectant properties are  
adversely affected by the level  
of soil contamination of the  
surfaces to be cleaned.  
If heavy soiling is present,  
separate cleaning of the surface  
with a suitable detergent should  
be considered.

For general cleaning, disinfecting  
and deodorising, dilute this  
product with 10 to 40 parts of  
water and apply liberally with a  
mop sponge or spray. A contact  
time of 2 to 10 minutes is  
desireable.

Rinse with clean water and mop  
dry.
