

UNISAN

DISINFECTANT DETERGENT

odourless commercial grade
disinfectant
contains
Benzalkonium chloride 3%

20 Litre

Danger
Causes skin irritation and serious
eye damage.

If medical advice is needed, have
product container or label at hand.

Keep out of reach of children.
Read label before use.
Do not breathe vapour.
Wash skin thoroughly after
handling.

When handling concentrated
product wear protective gloves/
clothing and eye/ face protection.

IF SWALLOWED: Rinse mouth. Do
NOT induce vomiting.

IF ON SKIN (or hair): Take off
immediately all contaminated
clothing. Rinse skin with water.
Wash contaminated clothing before
reuse.

IF INHALED: Remove victim to
fresh air and keep at rest in a
position comfortable for breathing.
Immediately call a POISON
CENTER or doctor.

IF IN EYES: Rinse cautiously with
water for several minutes. Remove
contact lenses, if present and easy
to do.
Continue rinsing.

This is a concentrated product
and must be diluted before
use.

Do NOT mix with other
chemicals. Disinfects and
cleans in one operation,
however disinfectant
properties are adversely
affected by high levels of soil
contamination.

If heavy soiling is present,
separate cleaning of the
surface with a suitable
detergent should be
considered.

For general cleaning,
disinfecting and deodorising,
dilute this product with 80
parts of water and apply
liberally with a mop sponge or
spray.
Rinse with clean water and
mop dry.
