

## WARNING

Causes eye irritation.  
Keep out of reach of  
children.

## FIRST AID

IF SWALLOWED: Rinse  
mouth. Do NOT induce  
vomiting.

Call a POISON CENTER  
(Australia 13 1126) or a  
doctor if you feel unwell.

IF IN EYES: Rinse  
cautiously with water for  
several minutes. Remove  
contact lenses, if present  
and easy to do. Continue  
rinsing. Get medical advice  
/ attention

## DIRECTIONS

Apply only to dry, unbroken  
skin.

Use before each work  
period. Apply to dry skin,  
particularly around nails,  
cuticles and between  
fingers. Wipe off excess.

## INGREDIENTS

Aqua, stearic  
acid, propylene glycol, cetyl  
alcohol, talc, bentonite,  
Alcohols, C12-15,  
ethoxylated, cellulose gum,  
tetrasodium EDTA, methyl  
paraben, propyl paraben.

## SOLVENT RESISTANT BARRIER CREAM

Contains NO silicone.  
Will not transfer to worked items,  
making it ideal for painters,  
laminators and all those working  
with adhesives, latex etc

5 L

FINGERTENS Solvent  
Resistant Barrier Cream  
helps protect your  
hands from the ill-  
effects of many  
industrial solvents and  
solvent based materials.

A fast drying barrier  
cream that gives the  
skin a secure, non-oily,  
dry protective film.

Safe to use on all areas  
of exposed, healthy  
skin.
